Shipments arriving in Philadelphia, Newark and Houston

Shipments arriving in Philadelphia, Newark and Houston		APRIL		MAY				JUNE				JULY				AUGUST				SEPTEMBER				OCTOBER				NOV									
EASY PEELERS		16	17	18	19	20	21	22	23	24	25	26	27	28	29	30	31	32	33	34	35	36	37	38	39	40	41	42	43	44	45						
Clementine	Seedless, well-colored and high juice content																																				
Novas/ Clemenvillas	Attractive reddish-orange rind with minimal seeds; peel removes cleanly from fruit																																				
Fairchild	Bright orange color known for its 'zipper skin'																																				
Or (ClemenOr)	Tender and juicy and virtually seedless; very sweet with sufficient acidity to give well-balanced flavor																																				
Nadorcott	Seedless; outstanding eating quality with high sugars and intensely rich flavor																																				
Morr (Honeygold)	Thin, easy-to-peel rind; exceptionally sweet flavor																																				
ORANGES		16	17	18	19	20	21	22	23	24	25	26	27	28	29	30	31	32	33	34	35	36	37	38	39	40	41	42	43	44	45						
Navels	Sweet, juicy and seedless																																				
Cambria Navels	Sweet, juicy and virtually seedless																																				
Autumn Gold Navels	High juice content; more acidic flavor																																				
Midnight	Exceptionally high juice percentage; better flavor; near seedlessness; large in size																																				
Cara Cara Navels	Sweet taste with relatively low acid content																																				
GRAPEFRUIT		16	17	18	19	20	21	22	23	24	25	26	27	28	29	30	31	32	33	34	35	36	37	38	39	40	41	42	43	44	45						
Star Ruby	Brilliant ruby red color; juicy and bursting with sweet and tart flavor

Program Advantages

- 2018 marks the **18th season** exporting summer citrus to the US
- Our Mission: To **complement local production** and not to compete, reinforcing our business model of managing supply and demand
- Vibrant flesh and **sweet, delicious eating quality**
- Our citrus is grown in the Western & Northern Cape regions of South Africa where our **fruit thrives in Mediterranean-like growing conditions**
- **Numerous citrus varieties available** in easy peelers, oranges and grapefruit
- Shipping to US ports in Philadelphia, Newark and Houston **June through October**
- Sophisticated shipping plans enable citrus **arrivals to the US about every 10 days**
- **Advanced cold treatment** preserves quality of fruit during shipping
- **Collaborative relationship with select importers** as well as direct supply to retail
- **Fair trade best practices and social responsibility initiatives** to ensure economic growth and opportunity development for all stakeholders
- **Rigorous compliance with the strictest food safety standards** for growing, harvesting, packing and export regulations

Harvest of Hope

Promoting Economic Empowerment for a Brighter Future

For generations, South African farm families have lived and worked on citrus farms throughout the Northern and Western Cape regions. Through the Harvest of Hope program, these farm families can achieve land co-ownership and build a sustainable future for generations to come.

Currently, several successful Harvest of Hope projects flourish throughout the region and benefit from the export of Summer Citrus to the US. Projects include worker shareholding in citrus pack houses as well as in farms producing citrus, Rooibos (red bush) tea, wine, table grapes, and deciduous fruits.

Harvest of Hope projects support initiatives such as:

- Skills development
- Education and training
- Childcare
- Leisure time development
- Healthcare with a focus on education about and prevention of HIV AIDS
